Subject: H7352 Rhode Island civil rights enforcement act

You don't often get email from kcarberry90@gmail.com. [Learn why this is important](#)

People should and do absolutely have the right to sue to sue state and local government entities over constitutional issues. That Rhode Island does not recognize that right currently is a massive injustice. It is obvious what happens when a government is allowed to act with impunity because we are living through it. And it's not good. What use is a constitutional if it protects the very people for whom a constitution is supposed to be limiting?
