

Testimony in support of H7360: Protect our Courts Act

Dr. Hans Scholl, 71 Fales Avenue, Barrington, RI 02806

Date of Hearing: March 4, 2026

To Chair McEntee and the honorable Members of the House Judiciary Committee:

I support the bill because it would prevent ICE to target courts and detain persons attending court, without a court warrant for arrest and exercise of due process.

Please bring the bill to a vote in 2026.

Thank you very much for considering my input, and thank you to Representative Batista for introducing this important bill.
