Support for Bill H7434 Relating to Elections- Conduct of Election and Voting Equipment, and Supplies

I support his bill because voting is a very private endeavor which should not be interfered with and is part of our right as Americans. To allow ICE to be anywhere near polling places would jeopardize our right to vote without interference and jeopardize those who fear being abducted by ICE. I do not want to have to pass by a uniformed militia as I go into Town Hall to vote. This is not what America means to be free. I would not want to bring my children anywhere near where ICE is and I was born in Attleboro! Will I have to show my papers? Will my neighbors? If we allow this, we are no longer American, we are less. Keep ICE away from our polling places, please.

Thank you for considering my request.

Best wishes,
