To the Committee,

The detention of people whose only offense is a civil immigration violation not only harms them, but harms families and communities. We have an expanding prison for profit industry that uses our tax dollars for imprisonment. This doesn't protect the public or satisfy justice. I do not consent for my tax money to be used this way, especially when our state has urgent needs to use that money for the public good.

Please pass this bill so we can put some brakes on mass imprisonment, and limit that severe measure to imminent threats to public safety or punishment for major crimes.

Thank you for your work in the General Assembly,

Sincerely,

Nancy Green, RN
