Dear House Judiciary,

My name is Sai, and I am a student at The Met High School in Rhode Island. I am writing to share my concerns about recent federal immigration enforcement actions and the importance of accountability, transparency, and protection of civil rights.

As a student learning how civic participation works, I believe it is important to communicate directly with elected leaders when government actions raise serious concerns. I respectfully ask you to use your role to support oversight, investigation, and policies that protect public safety and human dignity.

Thank you for your time and attention. I would appreciate learning more about your position or actions related to this issue.

Sincerely,

Sai

Pawtucket, RI
