Hello Rhode Island Legislators,

My name is Steven Branch, I am a longtime resident of Providence, Rhode Island. I live in Representative District 04, my state representative is Rebecca M. Kislak; my senate district is 15, my state senator is Meghan Kallman.

What is ICE? ICE is a publicly-funded anonymous private army that is loyal not to the United States of America, or the Constitution, or the rule of law. ICE is beholden only to Trump and his MAGA base.

What does ICE do? ICE kidnaps people without warrant or due process, detains them indefinitely, and often deports them. Sometimes ICE, with impunity, publicly executes American citizens on our city streets.

I ask members of the Rhode Island state government, **I BEG you - DO NOT SANCTION this private army or its illegal activities.** Pass House Bill HB-7436 and Senate Bill S-2276. **Do not give ICE a home in our state.**

Sincerely,
Steven Branch
