Dear Committee Clerk DiMezza,

Rep Bennett,

As your constituent I am asking you to not support this legislation. Aside from my basic concerns with limiting a persons choice on what they choose to own, I feel this bill has many flaws like what happens if inflation causes property values to increase over the years triggering someone to have to sell property they lawfully purchased. There are many hidden pitfalls in this legislation. This is a form of asset redistribution that is not something you find in a free county, not to mention will most likely waste our much needed tax revenue on defending a myriad of lawsuits challenging the law if passed.

Thank You for your consideration

Sincerely,

Andre Carew
