I'm writing against this legislation. This law prohibits purchasing more than one firearm within a 30-day period.

This legislation presumes that there is a problem with people purchasing more than one firearm within a 30-day period, and then committing an infraction with said firearms. I'm not aware that this is a problem within the state.

If the intent is to keep firearms out of the hands of criminals, I would point out that criminals don't obey any laws they don't like so this would not stop them. It would be another useless piece of legislation.
