Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H7557, the Firearm Industry Accountability Act, which would expose firearm manufacturers, distributors, and retailers to open-ended civil liability for crimes committed with legally sold firearms.

Federal law (PLCAA) already protects the industry from this kind of lawsuit for good reason: holding manufacturers liable for how criminals misuse their products is unjust and economically destructive. This bill will drive dealers out of Rhode Island, restrict product availability, and raise costs for every law-abiding gun owner in the state.

I urge you to vote against H7557.

Respectfully,

Respectfully,

Paul Williams

There are far more crucial issues for the legislature to take up their time with that affect many more constituents.

I will follow these bills before the committee along with your voting record and consider these factors for your re-election, fund raising and possible promotions.

I urge you to vote against H7557.
