**Cc:** crabshooterrules@gmail.com  
**Subject:** Oppose H7755

Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H7755, which would impose sweeping new restrictions on firearm purchases in Rhode Island.

The bill requires all firearm buyers to complete an 8-hour safety training course and pass a written test before purchasing any firearm, including rifles and shotguns. That certification would expire every 5 years, making this a perpetual, recurring burden rather than a one-time requirement. A gun owner who completed training in 2027 would need to retake the course and repass the test before buying another firearm in 2033.

The bill also removes the current 7-day automatic delivery window for handgun purchases. Under current law, a seller may proceed with a sale if police have not flagged the buyer within 7 days. H7755 eliminates that fallback and requires an affirmative police clearance before any sale can proceed, with no stated time limit. This gives police unlimited ability to delay a lawful purchase indefinitely.

These combined changes create layered, ongoing barriers to firearm ownership that burden only law-abiding citizens.

I urge you to vote against H7755.

Respectfully,

Respectfully,

Howard Cook

Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H7755, which would impose sweeping new restrictions on firearm purchases in Rhode Island.

The bill requires all firearm buyers to complete an 8-hour safety training course and pass a written test before purchasing any firearm, including rifles and shotguns. That certification would expire every 5 years, making this a perpetual, recurring burden rather than a one-time requirement. A gun owner who completed training in 2027 would need to retake the course and re-pass the test before buying another firearm in 2033.

The bill also removes the current 7-day automatic delivery window for handgun purchases. Under current law, a seller may proceed with a sale if police have not flagged the buyer within 7 days. H7755 eliminates that fallback and requires an affirmative police clearance before any sale can proceed, with no stated time limit. This gives police unlimited ability to delay a lawful purchase indefinitely.

These combined changes create layered, ongoing barriers to firearm ownership that burden only law-abiding citizens.

I urge you to vote against H7755.

Respectfully,

Respectfully,

Jason Valenti

Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H7755, which would require all Rhode Island firearm purchasers to complete an 8-hour safety training course and pass a written test before buying any firearm, including rifles and shotguns.

This is a severe burden on law-abiding gun owners. The current 2-hour requirement already imposes a cost and time barrier. Quadrupling that requirement and extending it to long guns will make legal firearm purchases inaccessible for many Rhode Islanders, particularly those in rural areas or with limited schedules.

I urge you to vote against H7755.
