This bill itself was not on my radar, but it was in the context of the Rhode Island General law, 11-47-42 that I referenced to in my last E-Mail. I will partially support this bill, but I am asking that an addendum be added. From line 4 to line 6 we remove and change the wording considering the fact that H-8073, the possession bill could pass, We change or remove line 4-6. I understand enough about the safety of our Colleges around the state after the tragic event at Brown , but events like that are not exclusive to College Campuses, they are all around us. My safety issue with this bill is we would now have a bunch of possibly drunk college kids running around with these "defense weapons" in their hands 24/7. Not to say we would not see the same in the general public as quoted in my last sentence, but if you are going to support these colleges, why not the safety of the public as well. Please consider my thought's on this bill, and change or remove lines 4-6. Thank you
