Good evening House Judiciary.

I am writing to you in regard to the House hearing tomorrow on bills H8071, H8073 and H8075. We as this United States of America do believe the 2nd Amendment to this Constitution of the United States needs to be protected, not trampled. The government has slowly been chipping away at the citizens of this great country's laws with more laws that are in direct opposition and conflict with one another. The Supreme Court has recently ruled in favor of us as citizens and our 2nd Amendment rights being protected. Please uphold that decision and the ruling by the Founding Fathers that we indeed have a right in this free state to keep and bear arms. The individual states instead of upholding our freedoms, have instead been insistent on inhibiting them. By definition and Supreme Court decision our "right to bear arms" is not limited by what type of "arms" the government deems "allowed". Please vote NO on this new legislation.

Thank you
