My name is Sal Savattere and I am AGAINST bill 8071.

Background checks on ammunition have been ruled unconstitutional in certain jurisdictions by federal courts, on the basis that they violate the Second Amendment

. Restricting ammo access restricts the ability to own firearms, and such checks lack historical precedent

This would be a meaningful constraint on the right to keep and bear arms. If individuals cannot easily acquire ammunition they cannot effectively use their firearms for self defense. This bill is inconsistent with American tradition of gun regulations.
