Dear Members of the Finance Committee,

I strongly urge you to oppose House Bill H8075 and defend the rights of law-abiding Rhode Islanders.

This legislation would require every firearm owner to carry a \$1,000,000 liability insurance policy or lose all ownership rights immediately. This unconstitutional burden would effectively price law-abiding gun owners out of their Second Amendment rights.

Reject H8075.

Respectfully,

This proposal goes WAY too far in terms of limiting the Second Amendment. It is far too general in it's terminology, as there is no list or clear cut idea of what is "prohibited".

Dear Members of the House Judiciary Committee,

I am writing to urge you to oppose House Bill H8071, which would require a background check for every ammunition purchase in Rhode Island, including reloading components such as primers, powder, and bullets.

This bill treats law-abiding gun owners as suspects every time they buy ammunition. It creates a costly, time-consuming bureaucratic hurdle for routine purchases with no evidence it will reduce crime. Criminals who are already prohibited from possessing firearms will simply acquire ammunition through other means.

I urge you to vote against HH8071.

Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H7636, the Voluntary Firearm Restrictions Act.

This bill builds a state-run registry of gun owners who have surrendered their rights and allows healthcare providers to initiate enrollment on a patient's behalf. The result will be a chilling effect on mental health care: gun owners in crisis will avoid seeking help out of fear that their doctor will put them on a government list.

The bill is presented as voluntary, but voluntary programs in this area quickly become coercive when employers, insurers, or courts treat non-enrollment as a red flag. Rhode Island does not need a new infrastructure for restricting gun rights.

I urge you to vote against H7636.

Rhode Island's juvenile record sealing laws exist because the legislature recognized that young people deserve a second chance.
