Dear Members of the Judiciary Committee,

I strongly urge you to oppose House Bill H8073 and defend the rights of law-abiding Rhode Islanders.

This legislation would force Rhode Islanders to surrender justly acquired private property under threat of criminal penalties. That is an unacceptable infringement on fundamental rights.

Reject H8073.

Respectfully,

Dear Members of the House Judiciary Committee,

I urge you to oppose House Bill H8081, which would allow carry permit authorities to access expunged criminal records when evaluating permit applications.

Expungement exists for a reason: the legislature decided that certain past offenses should not define a person forever. H8081 carves out a special exception for gun owners, meaning a conviction that was legally cleared can still be used to deny a carry permit. This undermines the entire purpose of expungement and punishes people twice for offenses they have already satisfied.

I urge you to vote against H8081.

Dear Members of the Judiciary Committee,

I own guns, I follow all your overbearing existing laws, I don't walk into churches, synagogues, schools, grocery store, etc. and start shooting people. Why hold me responsible for those that do. Go after the criminal, not me.
