Dear Members of the Judiciary Committee,

I strongly urge you to oppose House Bill H8073 and defend the rights of law-abiding Rhode Islanders.

This legislation would force Rhode Islanders to surrender justly acquired private property under threat of criminal penalties. That is an unacceptable infringement on fundamental rights.

Reject H8073.

Respectfully,

Members of the Judiciary Committee,

I am writing to express my opposition to House Bill H8073 and I hope that you understand why this is such an egregious piece of legislation.

The so-called "assault-weapons" ban on new purchases does not even begin until July, yet this new legislation intending to force surrender of firearms (which would have been allowed under that statute) is already being brought to the table.

I urge you to honestly review the statistics and see how little violent crime is committed with semiautomatic rifles, especially in Rhode Island. This is legislation that is only wanted by special interest groups who would prefer to erode all second amendment rights.

Forced surrender of any legally-owned firearm is tantamount to confiscation, and sets a dangerous precedent for individual rights and the protection of personal property.

Enough is enough. Confidence in public safety is at an all-time low, yet anti-firearm proponents want to further diminish the ability of private, law-abiding citizens to defend themselves.

I strongly and respectfully urge you all to Reject H8073.

Thank you

Respectfully,

Kyle Malesra
