Dear Members of the Finance Committee,

I strongly urge you to oppose House Bill H8075 and defend the rights of law-abiding Rhode Islanders.

This legislation would require every firearm owner to carry a \$1,000,000 liability insurance policy or lose all ownership rights immediately. This unconstitutional burden would effectively price law-abiding gun owners out of their Second Amendment rights.

Reject H8075.

Respectfully,

Mario Florio

I can Barely afford my rent and you want me to pay money to exercise a right enshrined in the very fabric of this nation? This bill was made in bad faith and clearly designed to disenfranchise the common person from their rights. I hope justice in the eyes of the supreme court, driven by the constitution, finds you in the near future. You're exercising power that you do not and will never have.

This unreasonable legislation would not have prevented a single act of gun violence if it had been enacted previously. Criminals are less likely to legally purchase firearms and thus will not purchase insurance either. Do not provide another unreasonable example for the MAGA-cult you use against reasonable citizens of our country.
