

Dear Members of the House Judiciary Committee:

I am writing to express my opposition to H8075, which is clearly another attempt to disarm RI citizens. Although I believe we need common sense regulations when it comes to gun ownership, I feel that this bill goes too far and violates citizens' constitutional rights to bear arms. Citizens have the right to own a gun to protect themselves, their loved ones and their fellow citizens. This bill, which would require every gun owner to have \$1,000,000 in liability insurance will in many cases make it financially unfeasible for the average person to own a gun, which I suspect is the intent of this bill. The sponsors of this bill do not have the right to use their positions as legislators to create laws that will help facilitate their anti-gun agendas.
