I am testifying in support of the proposed bill HB8328 in order to protect our community members from the predatory and unjust actions of ICE. The presence of ICE agents, proven to be unqualified, prejudiced, and dangerous, at courthouses undermines the due process of law. In-person court appearances now threaten Rhode Island residents with abrupt and violent removal from their homes, families, and communities. I call on this legislature to establish virtual court visits as a necessary remedy to ensure equal access to the courts.

With concern and urgency,
Brian B, Rhode Island community member
