Dear fellow humans,

I open with that statement because we are all too often forgetting to treat each other as such.

I am in support of Bill H8328 to allow courts to conduct remote hearings.

My loved ones, my friends and OUR neighbors are frightened. And with good reasons. They cannot go outside nevermind go to court without the fear of harassment, abduction or in some cases death.

How dare we call ourselves an American or even human without granting even the smallest amount of respect and civil liberty to our fellow humans.

Please support the H8328 BILL today. It is the least we can do.
