Chair Hagan McEntee and Members of the House Judiciary Committee,

As a Rhode Island resident, I support the Lila Manfield Sapinsley Compassionate Care Act (H7760).

I did music therapy at the Hope Hospice in-patient center for 15 years. I played in the halls and in the patents room. I witness the pain and suffering that pain medication couldn't touch. These people didn't need to suffer and die like this. You can change that by passing this bill. We don't let our pets suffer why would we let our loved ones suffer and die in incredible pain.
