Once again I am writing in support of the Compassionate care bill in hopes that this year It will finally pass. My friend Chris was terminally ill and bedridden with cancer and COPD. She was fortunate enough to live in California where Medical Aid in Dying is a right. Instead of spending her final days in pain and unable to breathe, she was able to take medication and end her life peacefully and in control. Her friends surrounded her and we all admire her courage and determination to have a good death.

This should be a right for every Rhode Islander. I urge you to pass H7760 this year.

Sincerely, Marjorie Mann

Providence.
