Good morning,

I am a Bristol resident and wanted to connect with you about the bill regarding assisted suicide.

I have supported people with significant and persistent disabilities for over 35 years, and I must note that- regardless of challenges- each and every life matters.

Our state should not endorse or devalue anyone's life, nor encourage and sanction suicide. Instead, we should be bolstering supports and care for those experiencing challenges.

I strongly urge you to oppose and vote against H7760 and any similar efforts.

Thank you.
