Dear Representatives,

My name is Francine Desilets and I reside in Little Compton RI. I grew up in the very patriotic town of Bristol, attended the University of Rhode Island and have lived in the city of Pawtucket.

As a true Rhode Islander and faithful Catholic I absolutely oppose the legalization of assisted suicide and implore you to vote against H7760 and any other similar effort which would be devastating for our state.

I cared for my mom in my home for over seven years recently until her passing at the age of 97. While we used the aid of hospice in the final months of her life, I know from experience that legalizing suicide would become a very dangerous and reckless move for our state and the humble and beautiful people who live here.

Please consider getting the facts about the dignity of human life from its conception to natural death from our Catholic diocesan bishop, Bruce Lewandowski and in the meantime please vote against bill H7760 today for the sake of yourselves, your family, the good people of Rhode Island and the entire human race.

Thank you sincerely,

Francine Desilets
