Subject: SUPPORT H7760 MEDICAL AID IN DYING

You don't often get email from kbowdenesq@gmail.com. [Learn why this is important](#)

I am a registered voter.

I support the bill that would establish Medical Aid in Dying in RI.

This is about dignity and agency over one's body.

My husband died in July. He wanted to utilize medical aid in dying.

We researched VT but it was costly and burdensome.

My husband suffered unnecessarily because he did not have access to medical aid in dying and therefore did not have access to death with the dignity he wanted. I have a family obligation today.

Otherwise I would be there to testify.
