Chair Hagan McEntee and Members of the House Judiciary Committee,

As a Rhode Island resident, I support the Lila Manfield Sapinsley Compassionate Care Act (H7760).

[Add your testimony here]

I worked as a hospice social worker in California for thirty five years. I saw, first hand, the relief that a pain free death can bring to a terminally ill person. I also witnessed how a long period of illness can be very challenging for the patient and significant others. I believe it is a terminally ill person's right to plan the time and place for a pain free death, with medical supervision.
