Chair McEntee and Honorable Members of the House Judiciary Committee

My name is Robert Hamel and I live in Bristol. I am a Psychiatric Nurse Clinical Specialist and I am requesting that you support H7790 which would provide a legal, safe, medically supervised means for a terminally ill patient to end their life.

Though I am essentially pro-life, I understand how we have a legal, regulated protocol for abortions and capital punishment. I think that we should have a legal pathway for terminally ill patients, in RI, who are in Hospice Care to not have to go to another state (Vermont) to end their life when it's time.

I urge you to pass this bill from committee to the House floor.

Sincerely,

Robert S. Hamel RN
