Dear Committee, I am an octogenarian. One of the most concerning things for me is a bad death. I am still quite active and I am grateful for that but if I become disabled and/or in terrible pain and I am terminally ill I would like to have the choice of ending my own life. I don't want to suffer and and don't want my family to watch me suffer. For this reason for me and all Rhode Islanders pass H 7790.
