

To Whom it May Concern:

As your constituent, I am asking you to please support House Bill 7579, introduced by David Morales as well as other RI representatives. This bill is up for consideration today. Rhode Island residents have a right to earn a living wage and increasing the minimum wage to \$20 per hr, incrementally through January 2029 will help achieve this.

I urge you to support this today during your session.

Thank you for your time and consideration.

Eric and Amanda Menard
Providence, RI
