

H7382

This bill will reduce the current limits on renting in cities and towns across the state and will have a positive effect on the housing crisis in Rhode Island. It will also provide badly needed housing for URI students. The ordinance has caused me to have to take out numerous extra loans on top of my loans taken out for tuition. Finances are already a huge problem for university students and this ordinance targets them and hurts them further financially. I urge you to consider the passing of this bill.
