

My name is Karen Creeley and my son is a senior at URI. I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades.

We live outside Philadelphia (Pa) so my son does not have the option to commute. As a rising junior my son was #781 on the wait list for on campus housing. This forced us to find housing in April for the next fall, an almost impossible task as most students start looking for housing in September for the following year. It is an added stress that the students do not need. In addition to a financial burden. Limiting the number of students to 3 adds another hurdle. Please vote to pass bill H7382!!!

Thank you

Karen Creeley
