Subject: SUPPORT House Bill H7382

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades. I do not rent to college students, however, this is a travesty that the Town of Narragansett gets to set limits as it chooses without regard to the economic and social impacts. Students make up the very fabric of our community not to mention keeping local business up and running. If the Town Council had its way, Narragansett would be comprised of middle to upper socio-economic families and retired people. This is unconscionable! Please support this bill as well as a means of supporting affordability of rentals.

Sincerely
