

Hi ,

I'm supporting House Bill H7382 for many reasons.

- 1: URI housing Crisis / students need places to Live
- 2: Benefits the economy of the Town of Narragansett
- 3: my family has owned an rented homes in Narragansett for 50 years / always to college students/ when managed correctly we have never had any issues.
- 4: parents of students living off campus often visit and bring more money to our economy.
- 5 : 4/5 /6 bedroom homes enable students to share expenses which lowers their monthly bills.

I am a strong advocate of House Bill H7283

Thanks Mark
