

As a member of RICOHP and RIREIG I OPPOSE this bill

This will cause more bad housing; if the State wants lower rents INCREASE SUPPLY !!!

Pass ADU units, increase amount of people per living unit, allow trailers, etc on city lots [can easily fit 2 per lot].

I have an oversized lot that could have one 10' x 40'...gas, electric, water, and sewer can be hooked up to main house in two days !

ONE WEEK and one new housing unit ! Can be used or new !

I remain
