

Dear Committee clerk Huntley,

As a property owner of several buildings through out Rhode Island. I'm also a first generational college grad & a black business owner. This bill will destroy the rights of land lands through out the state, this bill outlines we can not choice to renew a lease at completion. Circumstances change frequently in the housing industry & that availability is crucial.

House Bill 7989, proposes residential rent control, rent increase caps, just cause eviction mandates, installment payments for security deposits, and harsh penalties.

While the bill aims to address housing affordability and tenant protections, these measures could have detrimental effects. Rent control and strict rent caps discourage property investment and maintenance, reducing affordable housing availability. Mandating just cause evictions limits landlords' ability to address tenant issues promptly.

Requiring installment security deposits increases financial risks for landlords, and annual reporting to the Department of Housing burdens already strained resources.

I advocate for alternative approaches that promote housing affordability, private investment, and tenant protections without undermining property rights or market dynamics. Collaborative efforts among stakeholders can lead to effective housing policies that benefit our communities.

I support the Rhode Island Coalition of Housing Providers. Thank you for your consideration.

Sincerely,

Jaston Robinson
