Subject: House bill - 5704 Support

Hello committee members,

I am writing to express my support for house bill 5704 to ban rat poison that endangers our birds. It is vital that we protect the birds in Rhode Island during this unprecedented time for wildlife. They are under threat from climate change, habitat destruction, and human interference. This is a critical change for the future of bird populations.

Thank you for your consideration,
Carissa Koski
