Hello,

I just want to say I strongly support the passage of these two bills, and in the bigger picture I support all legislation that will ease the housing crisis. Both H5798 and H5799 are a small step in the right direction.

Any bill that will up-zone every neighborhood, again - every neighborhood - including my own is a good bill. Please help this city grow and prosper along with the people who live here.

I only have one vote in any election but I will use that vote and voice to support any and all legislators who support this city through re-zoning and expanding access to all people in Providence.

Best,
Henry
