

Written Testimony

Abigael McGuire

Bill No 6162

Viewpoint: AGAINST

To the RI House Committee,

This tax hike would impact everyone. These types of tax increases will make it harder for working families to afford a home while tenants will face higher rents and be at risk of displacement.

While my own building will not be subject to this, I still stand in support with my neighbors and fellow citizens of Providence. This is a bad deal for renters AND landlords in an already hostile market.

Thank you for your time.
