Hi Relislature team!

Thank you for taking time to read this. I am a resident of Pawtucket who is closing on a home in Cranston mid May. This bill seems to be taking the cities deficit out of the working class and people renting multifamily homes. Charging the poorest of RI's residents more will cause undue hardships on families who are already struggling with the states rising rent costs this will push out working class families from the city. This bill directly hurts the struggling constitutes of your state disproportionately to the rest.

thank you for your consideration.
best,
