You don't often get email from ashleymariablacker@gmail.com. [Learn why this is important](#)

Dear Governance Committee,

As a Providence resident, I vehemently oppose the noise and toxins produced by gas leaf blowers in this city, and other pollutants, adding to an already cacophony and pollutant filled city (namely, unregulated modified vehicle exhaust systems and gas leafblowers).

Especially without one single day off from the noise, pollution and disruption.

Gas leaf blowers require regulation just like any other pollutant. It's a well researched public health issue with negative health effects. You are Providence residents' representation, please act accordingly.

Regards,
Ashley B. Romero
