Subject: H7150 Opposition statement

You don't often get email from wblloyd@gmail.com. [Learn why this is important](#)

My wife and I are full time voting RI residents, raised a family of three children here, and have lived in Newport since 1988.

I write to oppose H7150. Not only are gas leaf blowers and related equipment public noise nuisances - they are extraordinary pollutants.

Advances in technology make battery operated equipment eminently economically and socially feasible alternatives.

Let's let individual communities just say 'no' to gas landscaping equipment.

Thank you.
