Hello Susan,

Your testimony contains 2 house bills, H7150 and H7050. Can you please confirm which bill you are submitting your testimony for?

Best,

Ariana

Dear Members of the House Municipal Government and Housing Committee,

I am very much in support of House Bill H7050.

H7050 addresses an important public policy issue affecting Rhode Island residents and businesses by providing greater clarity, consistency, and fairness in the application of state law. This legislation represents a reasonable and balanced approach that advances the public interest while respecting the needs of regulated industries and local communities.

By modernizing statutory language and improving regulatory alignment, H7050 helps reduce confusion, strengthen compliance, and promote more predictable outcomes for those subject to the law. Clear and consistent standards benefit both regulators and the public by improving transparency and accountability.

This bill also reflects a thoughtful effort to protect public health, safety, and economic stability without imposing unnecessary burdens. It encourages responsible practices while ensuring Rhode Island's laws remain practical, enforceable, and up to date.

For these reasons, I respectfully urge the General Assembly to support passage of H7050.

Thank you for your consideration of this legislation and for your continued service to the people of Rhode Island.

Sincerely,
Susan Lamendola
