

H-7781

My name is Antonio S Fonseca; I am the District 1 Commander of the Veterans of Foreign Wars of Rhode Island.

Our position is that we are against of changing the name of this holiday. This holiday honors those MEN and WOMEN who defeated our enemies who wanted to spread their contempt for anyone who did not believe in their philosophy.

This holiday is NOT a remembrance of peace, rather, to honor those VETERANS who fought a WAR against our enemies who wanted to destroy the world's DEMOCRACY.

Let us NOT DISGRACE how they fought and some gave their lives for the greatest country in the world. The UNITED STATES of AMERICA.

US
