As a life-long resident of RI, it sickens me to think that our state participates in the inhumane and immoral practice of detaining immigrants and sending them to private detention centers where they are treated with the lowest degree of care and respect. It is for these reasons that I hope our wonderful state will be able to leave such draconian practices behind and seek to protect and uplift those who have chosen to live here. I hope that by passing H-7968 we can take a step towards a better future for our state and the country as a whole. Thank you
