Subject: House bills to reject

I would like to register my concern and ask that the following bills **NOT** be approved:

House 5382 - Minors can register to vote when they have reached the age of majority.

House 5515 - New residents can wait the **short** 30 day period to register to vote. This bill seems to encourage transient voting and does not clean up the voter rolls where people are previously registered.

House 5709 - Very few voters "physically qualify" for "permanent mail ballot status" and the ones who do, have assistance to remind them to request one. This bill opens the floodgates for fraudulent voting by persons other than the intended voter. Furthermore, requesting a mail ballot confirms the person in question is still a living resident with the capacity to vote.

Respectfully,

Mary
