The Honorable Evan P. Shanley  
House State Government and Elections Committee  
RE: Support - H-5515

Dear Chairman Shanley,  
My name is Deborah Del Gais and I am a resident of the city of Providence. I am writing in support of H-5515, which I urge you and the State Government and Elections Committee to pass. The state of Rhode Island, with its thirty-day voter registration requirement, has the longest voter registration requirement in the United States. Voting is essential to democracy and we need to make voting as accessible as possible to all of the citizens of this state. Please vote for this bill and allow the process of amending the State Constitution to permit same-day voting to go forward.  
Thank you for your attention.  
Sincerely,  
Deborah Del Gais
