**CRANSTON BOARD OF CANVASSERS**  
869 PARK AVE  
CRANSTON, RI 02910-2786

February 3, 2026

The Honorable Members of the House Committee on State Government and Elections  
82 Smith St.  
Providence, RI 02903

**RE: Cranston Board of Canvassers Support for H-7377 (Local Canvassing Board Appointments)**

Dear Chairman Shanley and Members of the House Committee on State Government and Elections:

I am writing on behalf of the Cranston Board of Canvassers to request the support of the House for **H-7377**, an act that would clarify and update several problematic gray areas in how local boards of canvassers are appointed, while adding critical election security and continuity of operations procedures and best practices. This election security bill is formally supported by the Cranston Board of Canvassers, RI Town and City Clerks' Association Elections Committee, RI Board of Elections, and the RI League of Cities and Towns. This legislation was also passed by the House of Representatives in 2025 with significant bi-partisan support.

**H-7377** closes a number of loopholes that have caused documented delays and competing legal interpretations in how local boards of canvassers are appointed in numerous towns by clarifying the law. This includes defining what constitutes a “failure” of a local party chair to submit a list by adding a 30-day “ticking clock,” and applying the same standard to the mayor or council president to submit a nomination for a vacancy to the council. It also clarifies which municipal leader is entitled to the nomination, removing ambiguity, ensuring board seats do not remain vacant for months, harming continuity of operations and vital, time-sensitive election functions.

As an additional election security provision, and for statewide consistency in local board operations, the bill also clarifies that fixed board terms should expire on a staggered basis, only in a non-election year on the first Monday of March, which was the original intent of the General Assembly when it created local boards of canvassers via various public laws enacted in the 1920s, to ensure terms aren’t rotating out in the middle of an active election. Using cybersecurity best practices and controls, the bill establishes clear lines of communication for emergency contacts, and designates the Chief Local Election Official in each office who is authorized to notify the Secretary of State to add or remove user access for the Central Voter Registration System for all personnel in their office.

Thank you for your consideration. If you have any questions on this legislation, please do not hesitate to contact me directly at 401-780-3128, or via email at [nlima@cranstonri.gov](mailto:nlima@cranstonri.gov). We appreciate your support.

Very truly yours,

Nicholas J. Lima  
Registrar / Director of Elections

Cc: Kirk McDonough, Chairperson, Cranston Board of Canvassers
