

**Testimony In favor of H7578: Motor Vehicles Owned by a Government Body**

Dr. Hans Scholl, 71 Fales Avenue, Barrington, RI 02806

Date of Hearing: February 10, 2026

To Chair Shanley and the honorable Members of the House State Government and Elections Committee:

I am in favor of the bill because it would improve accountability and traceability by breaking down the information into the number of hybrid, combustion engine, plug-in hybrid, and ZEV vehicles in the light duty fleet in the director of administration's report to the general assembly, instead of bunching the data into a single category.

Please bring the bill to a vote in 2025.

Thank you very much for considering my input, and thank you to Representative McGaw for introducing this important bill.

Dr. Hans Scholl
