Hello,  
I'm writing in respectful opposition to the removal of the residence requirement in this bill. That means less ability to verify that a potential voter actually lives here, or even actually cares about, this community of ours in RI. This also opens to door to potential fraud.

I also am writing in support of H7238, I love the idea of term limits! thank you, it's about time.

thank you, Stacey J Capizzano, 172 Veazie St PVD 02908
