I strongly oppose all Ranked Choice Voting bills or related bills like Fusion Voting and more!

Oppose **H7232** as it is too dangerous like RCV and was abandoned in the 19th century, because it didn't work.

Oppose **H7788**, because Ranked Choice Voting is far too costly financially and too partisan and also has too many exhausted/trashed ballots as well as too confusing for most. It is why 13 states have fully banned it as well as RI needs to do as well.

Oppose **H7981** for the same reasons stated above.

Oppose **H7782** which would allow for the long recount period to be extended more for 7 to 9.

Oppose **H8334** as it is going against the HAVA Act.
